## KVR 710

|                                       |           |
|---------------------------------------|-----------|
| Model Name                            | KVR_710   |
| Nominal Diameter                      | DN/OD 710 |
| Opening Pressure [mmH <sub>2</sub> O] | 82        |
| Pressure [mH <sub>2</sub> O]          | 5         |
| Weight [kg]                           | 65.4      |
| Flap                                  | PE        |

|                       |                                 |
|-----------------------|---------------------------------|
| Flap seal             | EPDM                            |
| Operating Temperature | -25° C - +40° C                 |
| Pipe Type             | SDR 26                          |
| Reinforcement         | EN 1.4404                       |
| Valve body            | PE                              |
| Watertightness        | DIN 19569-4 table no. 1 Class 5 |
